

SCHOOL OF GEOGRAPHY AND ENVIRONMENTAL SCIENCE

LABORATORY ACCESS FORM

I.....
(name)

have received training and I am competent in laboratory methods and safety procedures. I am familiar with:

- * - the properties of hazardous substances to which I may be exposed while working in the laboratories belonging to the Department of Geography and Environmental Science
- * - availability of Material Safety Data Sheets for hazardous substances
- * - work practices and procedures to be followed in the use, handling, processing, storage, transportation, cleaning up and disposal of chemicals
- * - safe use of laboratory equipment
- * - the proper use of personal protective equipment and decontamination procedures to be followed
- * - safety equipment
- * - the procedure to be followed in the case of an emergency
- * - first aid and accident reporting procedures
- * - regulations for out of hours working in the laboratories

I accept responsibility to carrying out my work in accordance with good safety practices and to work within laboratory safety policies and guidelines of the School. I am trained with emergency procedures, equipment and their application.
